

CivicRAG System Architecture

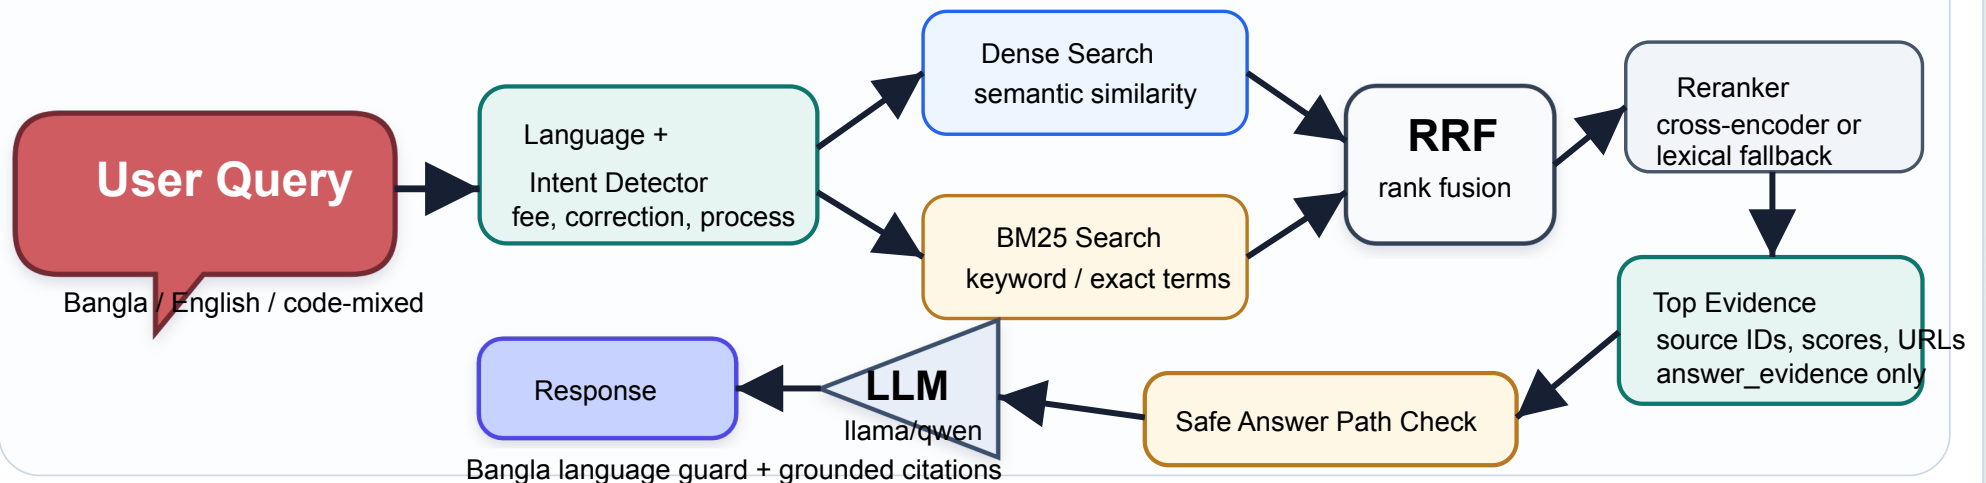

Birth and death registration domain | Bangla-first grounded RAG pipeline

Offline indexing is separated from online answering so retrieval quality, evidence grounding, and generation can be evaluated independently.

OFFLINE INDEXING PIPELINE

ONLINE QUESTION-ANSWERING PIPELINE

Key design: aliases are used in `retrieval_text` ; original Bangla source content is used as `answer_evidence` .

Embedding: BGE-M3 | Retrieval: Dense + BM25 + RRF | Local LLMs: llama3.2, llama3, qwen2.5:7b
